

Abteilung "Urologie"

Journalbeiträge

1. Füzési L, Frank D, Nguyen C, Ringert RH, Bartels H, Gunawan B (2005) Losses of 1p and chromosome 14 in renal oncocytomas. *CANCER GENET CYTOGEN*, 160(2): 120-5.
2. Heuser M, Laabs SO, Plothe KD (2005) Extraperitoneal bladder leakage after provision of topical negative therapy: a case report. *J Wound Care*, 14(9): 406.
3. Heuser M, Schlott T, Schally AV, Kahler E, Schliephake R, Laabs SO, Hemmerlein B (2005) Expression of gastrin releasing Peptide receptor in renal cell carcinomas: a potential function for the regulation of neoangiogenesis and microvascular perfusion. *J UROLOGY*, 173(6): 2154-9.
4. Jarry H, Thelen P, Christoffel V, Spengler B, Wuttke W (2005) Cimicifuga racemosa extract BNO 1055 inhibits proliferation of the human prostate cancer cell line LNCaP. *PHYTOMEDICINE*, 12(3): 178-82.
5. Leister I, Sydow J, Stojanovic T, Füzési L, Sattler B, Heuser M, Becker H, Markus PM (2005) Impact of vasoactive intestinal polypeptide and gastrin-releasing peptide on small bowel microcirculation and mucosal injury after hepatic ischemia/reperfusion in rats. *INT J COLORECTAL DIS*, 20(1): 42-8.
6. Schlomm T, Gunawan B, Schulten HJ, Sander B, Thangavelu K, Graf N, Leuschner I, Ringert RH, Füzési L (2005) Effects of chemotherapy on the cytogenetic constitution of Wilms' tumor. *CLIN CANCER RES*, 11(12): 4382-7.
7. Thelen P, Scharf JG, Burfeind P, Hemmerlein B, Wuttke W, Ringert RH, Seidlová-Wuttke D (2005) Tectorigenin and other phytochemicals extracted from leopard lily *Belamcanda chinensis* affect new and established targets for therapies in prostate cancer. *CARCINOGENESIS*, 26(8): 1360-7.

Habilitationen

1. Heuser M, Untersuchungen zur Bedeutung von Gastrin Releasing Peptide (GPR) für Mikrozirkulation und Angiogenese am Beispiel zweier intravitalmikroskopischer Tiermodelle. Habilitation Universität Göttingen 2005.

Medizinische Dissertationen

1. Wilhelm N, Dr. med., Der Einfluss von Xenin und Xenin-Fragmenten auf die exokrine Pankreassekretion in vivo. Dissertation Universität Göttingen 2005.
